Education

National university open – systems engineer

Platzi – San Francisco, usa – Certification. php con laravel, marca personal, marketing de voz a voz,

basic programing.
 register number and licences:
 Programación básica. 12 de enero de 2018
 código: ab91f15d-b800-4933-b442-100246f355c9
 Laravel. 25 de enero 2018
 código: 1843ec7-5321-4994-9c61-3f3fa9138018
 marca personal. 12 de febrero de 2018
 código: f2f74a0c-af1b-4375-a02c-4ª2e5871e277
 Resources of development and design software
 online. 29 Noviembre, 2018.
 Certificacion Udemy: UC-XEEQJW89
 Angular – Progressive Web Application Online, html
 Certificacion Udemy: UC-1AVQLL7UX 27 Noviembre,
 2018
 Setup operative system macintosh enviorement
 development Certificacion Udemy: UC-8WKP4HV0
 4 diciembre, 2018
 Programing for lenguaje Swift Certificacion Udemy:
 UC-SYU2NWUF 4 Diciembre, 2018

Workana – Argentina, buenos aires – Certificación –
 JavaScript avanzado, Bootstrap Básico, JQuery
 Avanzado

Udacity – new delhi, usa – Curso. angularjs,
 backbone, ember.

Pluralsight - Boston, usa – Curso. restful service with
 nodejs unit testing with nodejs

Code school - Boston, usa – Curso. html5 css3 jquery
 github

Comunication

i has received positive and excellent reviews of the
 projects carried out, in the presence of the participation
 of each company, he has contributed excellent
 knowledge with the collaboration of the colleagues,
 doing great work for each institution in the development
 of the software, I consider myself an architect, developer
 of free software technology among software developers

Management

Among the projects carried out so far, I have participated as a project leader among which I can name Patagonia bank (headings), Argentina, with the participation of Boyer Yender (Software developer), nature Valley with the participation of Carmelo Fallone (Software developer).
Receiving excellent reviews for the work done
So far, I have had the opportunity to participate as a developer and collaborate in different projects as a software developer and project architect with the php and JavaScript frontend and backend languages also with content manager using WordPress and others
